Councillor Zusy noted that it is the City Manager's job to manage staff while the City Council's responsibility is to set policies.

Co-Chair Toner recognized Vice Mayor McGovern who shared that he would be in favor of having more discussion on the appointment of the City Solicitor and asked the sponsors if the City Council had the power to hire the City Solicitor, would they also have the power to fire them. Councillor Sobrinho-Wheeler noted that the idea was to have this proposed change be similar to the appointment of the City Clerk and City Auditor and would be in support of whatever the Committee would like as far as the firing process. Co-Chair Toner offered suggestions regarding the hiring process and how the City Council could be more involved. Vice Mayor McGovern shared he would not support proposed change number five.

Co-Chair Siddiqui provided a brief review and update of the Charter Review process and goals of the Committee for the next meeting. In addition, Co-Chair Siddiqui acknowledged all the hard work that was done with those who volunteered to be members of the Charter Review Committee and suggested how much could be learned from the process in the future

Co-Chair Siddiqui recognized Megan Bayer who provided a review of the timeline as it relates to the State Legislature, pointing out that it would be better to send the petition to them sooner rather than later to get Charter questions on the ballot if the petition is approved. Elliott Veloso shared different scenarios that could occur once the petition is submitted to the Legislature. Tanya Ford shared the extensive process of what goes into creating ballots and how important it is to have a timeline in place to meet specific deadlines and requirements by State law.

Co-Chair Siddiqui recognized Councillor Nolan who asked if any other municipalities have been successful with changing state law as it relates to ballots and elections. Elliott Veloso shared it would be something the Law Department could investigate and provided suggestions on how the Council could make changes that would be in their favor when presented to the State Legislature. Councillor Nolan asked how long a response from the State Legislature takes when there is a Home Rule Petition filed. Co-Chair Siddiqui shared she has reached out to Representative Marjorie Decker and suggested the Election Commission also connect with her and suggested the Committee address this topic at the next meeting.

Co-Chair Siddiqui recognized Vice Mayor McGovern who stressed how important it is to reach out to community members who may not be aware of the conversations that have been happening around Charter changes. The Vice Mayor explained that it is vital for the voters to understand what each proposed change on the ballots means and for them to have a platform to provide feedback regarding these changes.

Co-Chair Siddiqui recognized Councillor Sobrinho-Wheeler who shared that after the last meeting on January 27th, he met with the Election Commission and Law Department to discuss different options for an elected Mayor. As a result of those conversations, the Law Department provided a response for an elected Mayor, which included three suggested options on how the City Council could move forward. This document was provided in advance of the meeting and included in the Agenda Packet. Elliott Veloso provided a general overview of the response for the Committee. Tanya Ford indicated that the Election Commission had some concerns with options #1 and #2 and provided a brief overview of the concerns and why those two options will come with challenges.

Co-Chair Siddiqui recognized Councillor Sobrinho-Wheeler who thanked the Election Commission and Law Department for their response, pointing out that it was very helpful to have different options for the Council to consider. Councillor Sobrinho-Wheeler offered comments that were in favor of option #3, where the process of elected Mayor would be created through an Ordinance or other methods.

Co-Chair Siddiqui recognized Co-Chair Toner who clarified that whatever the Council puts forward in 2025 won't take effect until November 2027, which Elliott Veloso confirmed. Co-Chair Toner provided comments that were in favor of option #3, noting that it would provide more opportunities for further discussion. Co-Chair Toner also shared that he would be in favor of the Mayor not serving more than 2 terms. Co-Chair Toner expressed how important it is to get language to the State Legislature as soon as possible for them to review and respond back to the Council.

Co-Chair Siddiqui recognized Vice Mayor McGovern who offered comments that were in favor of option #3, noting that it would be more transparent when electing a Mayor.

Co-Chair Siddiqui recognized Councillor Zusy who asked if the current Charter has language regarding term limits and eligibility requirements for Mayor. Elliott Veloso confirmed that there is no language in the Charter about eligibility requirements. Councillor Zusy shared that she believes the Council should be choosing the Mayor, and that the public does not know enough to be choosing the Mayor. In addition, Councillor Zusy shared that if any language were created in regard to the election of a Mayor, it should be in the Charter and not in the City Council Rules.

Co-Chair Siddiqui recognized Councillor Nolan who shared she would be in favor of having a more transparent process for electing a Mayor, noting the important role the Mayor serves for both the City Council and the School Committee. Councillor Nolan noted that option #3 may be the best choice and suggested that the Mayor be called the City Council President.

Co-Chair Siddiqui recognized Mayor Simmons who stressed how important it is to provide education for voters when proposed changes go on the ballot. Mayor Simmons shared her appreciation for the response from the Law Department, noting that option #3 may be the best choice. Mayor Simmons added how crucial it is to involve the School Committee in the conversation of the elected Mayor because the Mayor serves as the Chair of the School Committee. Mayor Simmons added that any changes made regarding the election of Mayor will also impact the School Committee.

Co-Chair Siddiqui recognized Councillor Azeem who asked if the proposed changes were made through option #3, would they be able to take effect before the next election results. Elliott Veloso responded by explaining that because the City currently uses a Plan E Charter, changes would not be able to go in effect until the Charter was amended and approved by the voters, and to give enough time for ballot preparation. Elliott Veloso added that whichever method the City Council decides, it would not take effect until 2027. Megan Bayer added that it would be important to be as clear as possible in the Charter that changes do not take effect until the 2027 election. Councillor Azeem shared he would be in support of option #3.

Co-Chair Siddiqui recognized Councillor Wilson who shared her appreciation for the work done by the Law Department and Election Commission. Councillor Wilson agreed that educating voters and engagement is very important for them to understand and have a voice in the proposed changes. Councillor Wilson asked the Election Commission for more information on mailings that go out to voters. Tanya Ford provided a brief overview of the process, adding that they go to every household that has a voter in it.

Co-Chair Siddiqui recognized Councillor Sobrinho-Wheeler who shared that he agrees with comments made by the Mayor related to the School Committee and shared that he had brief conversations with some Members regarding proposed changes to the election of Mayor. Councillor Sobrinho-Wheeler shared that he had a motion he was bringing forward that was in support of option #3. The motion was shared on the screen and read as follows:

That the Special Committee of the Whole/Charter Review recommend to the full City Council that the City Manager is requested to direct the Election Commission and the Law Department to work with the City Council to draft via ordinance a process for the selection of a Mayor based on ranked choice voting and to clarify language to permit this in the Charter.

Co-Chair Siddiqui recognized Committee members for comments related to the motion that was on the floor.

Co-Chair Siddiqui recognized Co-Chair Toner who shared concerns about the proposed motion and noted that he would not be in support.

Co-Chair Siddiqui recognized Megan Bayer who reviewed and clarified the language in option #3.

Co-Chair Siddiqui recognized Vice Mayor McGovern who shared concerns about the proposed motion and suggested that some of the language may need to be changed. The Law Department and Co-Chair Siddiqui provided additional clarification on option #3. In addition, Megan Bayer shared that the goal of the next meeting is for the Law Department to provide a draft Charter for review, which incorporates proposed changes based off this Committee and Charter Review Committee discussions and decisions. Megan Bayer pointed out that there would need to be a different process to confirm which methods the Council would like to incorporate into the Ordinance. Co-Chair Toner suggested removing “ranked choice voting” from the motion. Co-Chair Siddiqui noted that the language in this motion indicates that the Committee is not interested in options #1 and #2 and wants to focus on creating language and having more discussion on the suggestions proposed in option #3.

Co-Chair Siddiqui recognized Councillor Sobrinho-Wheeler who made the motion that the Special Committee of the Whole/Charter Review recommend to the full City Council that the City Manager is requested to direct the Election Commission and the Law Department to work with the City Council to draft via Ordinance a process for the selection of a Mayor and to clarify language to permit this in the Charter.

Mayor Simmons shared that she is committed to having the School Committee engaged in future conversations. Councillor Sobrinho-Wheeler pointed out that the current Charter language does say that the Mayor has to be the Chair of the School Committee. Co-Chair Siddiqui and Co-Chair Toner indicated that adding additional changes to the Charter as it relates to Chair of the School Committee may not be feasible at this time, but it is a topic that can be discussed as the conversation around option #3 continues.

Co-Chair Toner offered opening remarks and noted that the Call of the meeting was to continue the discussion and review of recommendations from the Charter Review Committee and any additional suggestions from the full City Council pertaining to the Cambridge City Charter. Present at the meeting were Deputy City Manager, Owen O’Riordan, City Solicitor Megan Bayer, Deputy City Solicitor, Elliott Veloso, Executive Director of the Election Commission, Tanya Ford, Election Commissioner, Charles J. Marquardt, Election Commissioner, Ethridge King, Budget Director, Taha Jennings, and Assistant City Manager of Finance, Claire Spinner.

Co-Chair Toner opened Public Comment.

Robert Winters stressed the importance of allowing the public to have enough time to review and provide feedback on proposed changes to the City Charter and shared concerns about language in Section 107 and Section 8.

Co-Chair Toner reviewed the agenda and goals of the meeting and shared that the Co-Chairs would like to move this topic out of Committee and back to the full City Council for more discussion and to send a final document to the State Legislature.

Co-Chair Toner recognized Megan Bayer and Councillor Sobrinho-Wheeler who provided an update relative to the discussions and proposed changes concerning the City Council's role with the hiring of the City Solicitor. Megan Bayer provided a brief overview of language that was created by the Law Department based off the discussions with Councillor Sobrinho-Wheeler and Co-Chair Siddiqui. This language was shared on the screen. (Attachment A) Co-Chair Siddiqui added that there were many conversations with City staff, and this proposed language from the Law Department is a result of a workable solution.

Co-Chair Toner recognized Deputy City Manager O'Riordan who noted that this proposed language is not being endorsed by the City Solicitor's Office or City Staff and pointed out that the current system works well as it is. Deputy City Manager O'Riordan shared strong concerns with the proposed language, especially with the proposed language in the second bullet.

Co-Chair Toner recognized Councillor Zusy who asked for clarification regarding if this proposed language would be replacing current language within the City Charter. Megan Bayer explained that this language would not be replacing existing language because the current Charter does not provide language related to the hiring of the City Solicitor. Megan Bayer shared that if this language were to pass, the Law Department would look into how to add it into the Charter. Councillor Zusy shared that she would not be in favor of this proposed language being added to the Charter.

Co-Chair Toner recognized Councillor Nolan who pointed out that in many other municipalities, the City Solicitor is a hiring authority, noting that what the Committee is discussing with the proposed language is approving an appointment. Councillor Nolan offered comments that were in favor of the proposed language, pointing out that it would be good governance within the legislative body.

Co-Chair Toner recognized Councillor Azeem who pointed out that there is more consensus around the first bullet in the proposed language and suggested that the second bullet be withdrawn for now to discuss later. Co-Chair Toner stressed the importance of moving forward with the conversation and voting on both bullets in the proposed language, noting that it would direct the Council to keep discussing or end discussion on this specific topic. Deputy City Manager O'Riordan again indicated that the City does not agree with the second bullet in the proposal.

Co-Chair Toner recognized Vice Mayor McGovern who asked how this proposed language is different than what is currently being done regarding the City Council approaching the City Manager with concerns or support related to the City Solicitor. The Deputy City Manager explained that enshrining this language in the Charter, as a formal review of the City Solicitor, gives it a lot more weight than it otherwise would have. Deputy City Manager O'Riordan added that the language does not represent the broader responsibilities that the Solicitor has in terms of the operation of the Law Department and the City. Vice Mayor McGovern provided comments

that were in favor of the proposed language, noting that language has been changed significantly since this topic was first brought to Committee on January 27th. The Vice Mayor offered suggestions for the proposed language, sharing that it could be a simple majority to approve the City Manager's recommendation, but a 2/3 vote to reject it. The Vice Mayor noted that this suggestion does not make the Council's position strong but does make it more difficult to politicize the appointment. Megan Bayer shared the Law Department can look at how to rework the language to capture the Vice Mayor's suggestion.

Co-Chair Toner recognized Councillor Wilson who shared her concerns about when the Council reaches out to the City to help with drafting language on various topics. Councillor Wilson questioned why the City has reservations about proposed bullet number two, when the City Council already practices this. Deputy City Manager O'Riordan thanked Councillor Wilson for her concerns and explained the process of when the City Council requests staff to help draft language, noting that it may not always be language that the City endorses. The Deputy City Manager added that bullet number two is an example of that, wherein the City was asked to put forth language that works legally and gives the City Council the opportunity for discussion. Megan Bayer provided comments that supported the Deputy City Manager, noting that this language came forward not as a policy perspective, but as language that captured the intent of Councillor Sobrinho-Wheeler and Co-Chair Siddiqui.

Co-Chair Toner recognized Mayor Simmons who provided comments that were in opposition to the proposed language. Mayor Simmons explained that she is in favor of having the legislative and administrative branches be separated as it is written in the Plan E Charter and does not believe there needs to be any changes made as it relates to the City Solicitor. Mayor Simmons provided comments that outlined how the proposed changes could be problematic.

Co-Chair Toner shared that he would be voting against both bullet points and believes that if this is something that goes forward, why wouldn't it be the same for other Department Heads. Co-Chair Toner noted that the Council's role is to review and evaluate the accountability of the City Manager, pointing out that the City Manager is the person the Council goes to when there are concerns with specific departments.

Co-Chair Toner recognized Co-Chair Siddiqui who made a motion that the Special Committee of the Whole/Charter Review recommend to the full City Council that the City Solicitor shall be appointed by and serve at the pleasure of the City Manager. The City Manager shall refer to the City Council and simultaneously file with the Clerk the name of the person the City Manager appoints as City Solicitor. Appointment of the City Solicitor made by the City Manager will be effective upon a majority vote of the City Council, which vote shall occur within 30 days after the date on which notice of the appointment was filed with the City Clerk. An appointment shall take effect if the City Council fails to act within those 30 days.

Co-Chair Toner shared that he would like to move the discussion to whether the Mayor should serve as a member of the School Committee or Chair the School Committee.

Co-Chair Toner recognized Vice Mayor McGovern who noted that this is a conversation that needs to happen with the School Committee present. The Vice Mayor shared his experience as being a member of the School Committee for four terms, and how having different Mayor's coming into the School Committee with different agendas could be destructive. The Vice Mayor shared that if he were on the School Committee he would support the Mayor not being the Chair of the Committee.

Co-Chair Toner recognized Mayor Simmons who shared how there can be challenges when someone from the Council, who has never served on the School Committee, becomes Chair of the School Committee. Mayor Simmons also pointed out that when people are campaigning for City Council, they are not campaigning for the School Committee. Mayor Simmons shared that she would support the Mayor not having the position of Chair, but still serve as a member of the Committee.

Co-Chair Toner recognized Councillor Nolan who agreed with the Mayor and Vice Mayor. Councillor Nolan shared the views of the Charter Review Committee recommendations, pointing out that nine members of the Charter Review Committee voted in favor of the Mayor serving on the School Committee, one member voted against, three members voted present, and one member was absent. Councillor Nolan shared she would support these two recommendations.

Co-Chair Toner noted that he would also be in support of the proposed recommendations.

Co-Chair Toner recognized Megan Bayer who pointed out that if the Mayor is not going to be the Chair of the School Committee, then there needs to be language in the Charter that addresses what the alternative method would be.

Co-Chair Toner made a motion that the Special Committee of the Whole/Charter Review recommend to the full City Council that the Mayor stay as a member of the School Committee but not serve as Chair and request that the Law Department draft language to make that change in the redline document of the Charter.
