WHEREAS: The Cambridge Bicycle Plan shows Massachusetts Avenue as having separation between Sidney Street and Putnam Avenue; and

WHEREAS: A new segment on Massachusetts Avenue between Sidney Street and Putnam Avenue would connect with an existing protected bike lane segment on Massachusetts Avenue from Memorial Drive to Sidney Street, another existing segment on Massachusetts Avenue between Bow Street and Trowbridge Street, and a proposed protected bike lane segment on Mount Auburn Street from JFK Street to Putnam Avenue, and therefore greatly increase connectivity along this crucial corridor; and

WHEREAS: The City Council recently ordained the Cycling Safety Ordinance, which prioritizes connectivity in creating a network of protected bike lanes; and

WHEREAS: Massachusetts Avenue between Sidney Street and Putnam Avenue has a high number of crashes according to the City's [Crash Analysis Report](#); and

WHEREAS: The City has implemented quick-build protected bike lanes on other segments to reduce crash rates in keeping with their Vision Zero commitment; now therefore be it

ORDERED: That the City Manager be and hereby is requested to work with the Community Development Department, Traffic, Parking and Transportation Department and Department of Public Works to determine what facilities, parking changes, and other improvements to the pavement conditions would be necessary and feasible to make Massachusetts Avenue a quick-build Complete Street between Sidney Street and Putnam Avenue; and be it further

ORDERED: That the City Manager be and hereby is requested to report back on this by the end of June 2019.

WHEREAS: The history of the State of Massachusetts is replete with instances of conflict between the European Colonists and the Native Nations of the region, who first extended the hand of friendship to the Colonists on their shores in 1620, and helped them to survive starvation during the settlers' first winters on their land; and

WHEREAS: Members of the Native Nation for whom the State of Massachusetts is named were ambushed and killed by Myles Standish, first commander of the Plymouth Colony, in April of 1623, barely two years after the Pilgrims arrived on their shores; and

WHEREAS: The naked Colonial broadsword brandished above the head of the Native man on the Massachusetts State Flag and Seal is modeled over Myles Standish's own broadsword, borrowed from the Pilgrim Hall in Plymouth by the illustrator Edmund Garrett in 1884; and

WHEREAS: The belt binding the Native's cloak on the Flag and Seal is modeled after a belt worn by Metacomet, known to the English as King Philip, who was among the Wampanoag leaders who resorted to a mutually destructive war in 1675-76 in defense of Native lands against Euro-Colonial encroachment; and

WHEREAS: The proportions of the body of the Native man in the Flag and Seal were taken from a Native skeleton kept in Winthrop, the bow modeled after a bow taken from a Native man shot and killed by a colonist in Sudbury in 1665, and his features taken from a photograph of an Ojibwe chief from Great Falls, Montana, considered by the illustrator to be a "fine specimen of an Indian," though not from Massachusetts; and

WHEREAS: The history of relations between Massachusetts since Colonial times and the Native Nations who continue to live within its borders includes the forced internment of thousands of so-called "praying Indians" on Deer Island, in Boston Harbor, where they died by the hundreds of exposure in 1675, their subsequent enslavement in Boston, Bermuda, and the Caribbean Islands, the offering of 40 pounds sterling as bounty for the scalps of Native men, women and children in Massachusetts beginning in 1686, increased to 100 pounds sterling for the scalps of Native adult males by 1722, half that amount for Native women and children; and

WHEREAS: Native Nations within the boundaries of Massachusetts were kept in a state of serfdom, and their members legally considered incompetent wards of the state until the nonviolent action of the so-called Mashpee Rebellion of 1833 led to the granting of Native self-rule by the Massachusetts legislature in 1834, as if the sovereign right of Native self-government was the Massachusetts legislature's to confer; and

WHEREAS: Native Americans were legally prohibited from even stepping foot into Boston from 1675 until 2004, when that law was finally repealed; and

WHEREAS: The 400th anniversary of the landing of the Euro-Colonists at Plymouth Plantation, which gave rise to the long chain of genocidal wars and deliberate policies of cultural destruction against Native Nations of this continent, is approaching in the year 2020, affording every citizen of the Commonwealth a chance to reflect upon this history and come to a new awareness of a better

relationship between the descendants of the Euro-Colonial immigrants and the Native Nations of the Commonwealth; and WHEREAS: Native Americans have long suffered the many abuses of racism, the appropriation of their symbols for public schools and sports teams, the diminution and pollution of their ancestral lands and the encroachment of their cultural lifeways; now therefore be it RESOLVED: That the City Council go on record in support of resolution H.2776 [RESOLVE PROVIDING FOR THE CREATION OF A SPECIAL COMMISSION RELATIVE TO THE SEAL AND MOTTO OF THE COMMONWEALTH](#), including members of the legislature and representatives of Native Nations of Massachusetts, to recommend changes to the State Flag and Seal of the Commonwealth; and be it further RESOLVED: That the City Clerk be and hereby is requested to forward suitably engrossed copies of this resolution to the chairpersons of the Massachusetts House Ways and Means Committee, to the chairpersons of the Joint Committee on State Administration and Regulatory Oversight, and to Executive Director Geoffrey Beckwith of the Massachusetts Municipal Association, on behalf of the entire City Council.

WHEREAS: Cambridge has successfully enacted ordinances that ban [plastic bags](#) and [polystyrene](#) takeout containers; and WHEREAS: Cambridge has ambitious Zero Waste goals including achieving a trash reduction of 30% by 2020 and 80% by 2050 from 2008 levels; and WHEREAS: The recently released [draft Zero Waste Master Plan](#) contains recommended strategies for meeting these goals, including "support for additional ordinances to ban materials"; and WHEREAS: The City of Berkeley recently enacted a groundbreaking [ordinance](#) that will, among other things, ban all single use plastic foodware by 2020, with waivers for vendors who can demonstrate that no comparable alternative item exists, or that the cost of the alternative item would cause undue financial hardship; and WHEREAS: Brookline recently [passed a bylaw](#) that will ban many types of single-use plastic foodware by 2020, including cups and utensils, with waivers similar to the Berkeley ordinance; and WHEREAS: As a major offtaker of recycled materials from the Greater Boston area, new regulations imposed by China have presented significant challenges for municipalities, giving a fresh

urgency to the reality that we must reduce our overall waste production; and
WHEREAS: Cambridge has an opportunity to join Berkeley and Brookline in leading the way towards a single-use plastic-free city, while also being mindful of the unique needs of our small business community as well as seniors and people with disabilities, particularly related to the use of plastic straws; now therefore be it
ORDERED: That the City Manager be and hereby is requested to direct the City Solicitor in consultation with the Department of Public Works and the [Recycling Advisory Committee](#) and other stakeholders to draft an ordinance banning single-use plastic items in Cambridge; and be it further

WHEREAS: Electrifying our transportation, including through the use of Micromobility devices, is an important part of our response to climate change and comes with numerous environmental and public health benefits, including an immediate reduction in air and noise pollution; and
WHEREAS: Use of electric vehicles (EVs) instead of vehicles with internal combustion engines (ICE), which run on fossil fuels, can drastically reduce the carbon footprint of passenger vehicle trips; and
WHEREAS: Costs have decreased significantly, and many EV automobiles are now equally as affordable as their ICE counterparts, with significant savings on maintenance and fuel, and the price point for Micromobility platforms has decreased as their capacities have increased, but a lack of convenient and reliable access to charging stations remains a barrier for those who might otherwise use EV automobiles or Micromobility devices; and
WHEREAS: Cambridge is committed to expanding public EV charging station availability in municipal-owned parking lots, including 6 new dual-head EV charging stations in 2019, but more needs to be done in the residential neighborhoods to increase accessibility and convenience for EV automobiles and throughout the City for Micromobility; and
WHEREAS: [California](#), [London](#), and [New York City](#) have all begun piloting the installation of charging stations on street lights, a clever way to use existing infrastructure to increase charging station availability within residential neighborhoods; and
WHEREAS: Level 1 charging stations (110 volts) are suitable for overnight charging of EV and micromobility devices, allow batteries to survive more charging cycles, and would appropriately meet the needs of some residents looking to electrify their transportation; now therefore be it
ORDERED: That the City Manager be and hereby is requested to direct the Electrical Department, Department of Public Works, Traffic, Parking and Transportation Department and the Community Development Department to explore a pilot for Level 1 (110V) EV and Micromobility charging stations on street light poles throughout the city; and be it further
