City of Cambridge
Executive Department

YI-AN HUANG
City Manager

CMA 2026-321
IN CITY COUNCIL
November 16, 2026

To the Honorable, the City Council:

I am writing to recommend the following persons as members of the Commercial Parking Control Committee (CPCC) pursuant to Chapter 10.16.030 of the Cambridge Municipal Code for a term of three (3) years, effective November 16, 2026:

- **Ife Dare Johnson**
- **Stephen Neckorcuk**

The Commercial Parking Control Committee (CPCC) reviews applications for new Commercial Parking Permits. The CPCC will meet on an as-needed basis with meetings held at least biannually, based on submission of the applications for Commercial Parking Permits. The committee members have a range of personal and professional experience and are interested in balancing the city's transportation and economic development policies.

A public advertisement was posted for members of the Committee on July 22, 2026. The applications deadline was August 21, 2026. Interviews were conducted by Assistant Commissioner for Transportation Planning, Stephanie Groll, and Transportation Planner, Adam Shulman, during the weeks of September 26 and October 2, 2026.
Each applicant expressed a strong interest in parking and transportation issues in the city and a desire to contribute to the municipal decision-making process. None of the appointed members has a financial interest in commercial parking operations within Cambridge.
I am pleased to welcome the two new members whose expertise and experience will enable them to contribute to this committee's important work.

1. **Ife Dare Johnson** is an entrepreneur and recent MIT MBTA graduate. She has lived in Cambridge for a few years and wants to stay in Cambridge for the long term and give back to the community. She has a background in mobility, diagnostics, and digital commerce. Ife has a strong interest in working with people that plan the city**. The appointment as a member is for a three-year term,** with eligibility for reappointment.

2. **Stephen Neckorcuk** works at a small start-up company where he in charge of everything from mobile web design to desktop product definition, to AI requirements. He's been living in Cambridge for about 8 years and wants to be involved in city planning and is particularly interested in tradeoffs of different land uses. **The appointment as a member is for a three-year term,** with eligibility for reappointment.

I appreciate the willingness of these community members to serve and, with your approval, look forward to their appointments as members of the Commercial Parking Control Committee.

Very truly yours,

Yi-An Huang
City Manager
