3. This use designation shall include facilities for cultural and ethnic heritage appreciation.
4. The Board of Zoning Appeal shall grant a special permit for this use only if the applicant demonstrates that he will act to replace indefinitely the dwelling units removed from the lot or converted to institutional use with an equivalent number of units, not previously on the housing market, at another location or locations within the City of Cambridge, before the units are removed or converted, and only if the applicant adequately provides at his own expense for the relocation of the occupants of the existing units to comparable units within the City of Cambridge. In every case, this replacement housing shall include units suitable for and available to low and moderate income households in an amount equal to ten (10) percent of the total number of units to be replaced. The remaining replacement units shall be comparable to the units removed. Comparability shall be determined by dwelling unit mix in terms of number of bedrooms, special facilities (such as handicapped access or common areas), amenities, including those existing in the surrounding neighborhood and range of price/rent levels. The Board of Zoning Appeal may require that the applicant submit whatever evidence it deems necessary to determine that the replacement units will be comparable and the applicant is bound to provide such units. Otherwise the special permit will not be issued. Replacement units shall be available for occupancy before the existing dwelling units are removed or converted and shall remain available as low and moderate income and comparable units unless otherwise authorized by the Board of Zoning Appeal. No building or demolition permit for the proposed institutional development shall be issued until the replacement units are available for occupancy and the occupants of the existing units have been relocated.
5. This use is allowed as of right if the pre-existing institutional use of the lot is in the same use table category in Subsection 4.56, otherwise a special permit from the Board of Zoning Appeal shall be required. Such special permit shall be granted only if the Board determines that the use will have fewer adverse impacts on the neighborhood than the pre-existing institutional use. In making this determination, the Board shall consider and comment on the physical attributes of the use, including those evaluated in the Cambridge Institutional Growth Management Plan. The Board may require the applicant to submit whatever documentation it deems necessary, to assist it in making said determination.
6. This use may be allowed upon issuance of a special permit by the Board of Zoning Appeal if the pre-existing institutional use of the lot is in the same use table category in Subsection 4.56 or if the Board determines that the use will have fewer adverse impacts on the neighborhood than the pre-existing institutional use. In making this determination, the Board shall consider and comment on the physical attributes of the use, including those evaluated in the Cambridge Institutional Growth Management Plan. The Board may require the applicant to submit whatever documentation it deems necessary to assist it in making said determination.
7. Subject to the provision of Section 11.20.
8. Any dimensional or other relief from the provisions of this Ordinance required to construct or locate a municipal library use shall be permitted by grant of a special permit from the Planning Board. In granting such a special permit, where the library is proposed to be located within an Open Space zoning district, the Planning Board shall, in addition to the criteria set forth in Section 10.43, find that there will be no substantial reduction in the recreational and/or open space use, excluding parking areas and roadways. Where the Board does find there will be a substantial reduction in the recreational and/or open space use the special permit shall be granted upon assurance by the City Manager that he will offset such reduction by increased recreational and/or open space uses at another location, subject to necessary appropriations.
