Many of us have more reusable bags than we actually use. Please donate clean, empty and useful reusable bags! The Cambridge Recycling Advisory Committee is sponsoring a reusable bag drive Nov-Jan. Our goal is to collect 10,000 bags and give them to Cambridge residents that need them most.

The Cambridge Bring Your Own Bag Ordinance takes effect March 31, 2016. Remember to bring your bag to avoid the mandatory 10¢ charge on all checkout bags at businesses. No more single use plastic bags.

Clean bags regularly to keep them germ-free.
