## Fixing the Future Across America: A National Campaign

In *Fixing the Future*, host David Brancaccio, of public radio's *Marketplace* and *NOW on PBS*, visits people and organizations across America that are attempting a revolution: the reinvention of the American economy. By featuring communities using sustainable and innovative approaches to create jobs and build prosperity, *Fixing the Future* inspires hope and renewal in a people overwhelmed by economic collapse.

The film highlights effective, local practices such as: local business alliances, community banking, time banking/hour exchange, worker cooperatives and local currencies.

Following the documentary on the night of July 18, 2012, audiences will enjoy an exclusive onscreen discussion panel featuring luminaries [Bill McKibben](#), [Majora Carter](#), [Mike Brady](#) and [David Brancaccio](#). Event hosts will have the opportunity to submit questions for our panelists.
