

Communications: To The City Council and Citizenry from Peter Valentine 37 Brookline St. 10/10/2012

Many years ago I explained to The Council that it was a violation of the People's US Constitutional Rights to have a US Military Flag as the symbol of the Flag of the United States of America in the Council Chamber because where there is a military flag there is only military law not constitutional law.

We were not and are not involved in Cambridge MA in a military circumstance or military subject matter.

I informed the council that the military flag had to be removed and replaced by the standard United States of America Flag.

The Council paid no attention to my request.

It is the act of a hypocrite to sign an oath where one swears to uphold the Constitution of the United States of America and require people to stand and swear allegiance to the United States of America and the Constitution for which it stands but at the same time to deny the people their constitutional rights by the presence in the Council Chamber of a US Military Flag.

Therefore I do order, as the National Officer in Charge, in the Name of the Protection of the Full Spectrum of the Constitutional Rights of the People of the United States of America, that the Council remove the US Military Flag from the Council Chamber and replace it with the National Flag of the United States of America.

The National Officer in Charge
